DECREE of the
Director of Economic Affairs,
Batavia-C., March 11, 1937.

The Director of Economic Affairs,
Having read the letter of the Consul General of the United States of North America, dated March 11, 1937;
Having consulted etc.;
Has decided:

To issue a permit to Dr. W. M. Mann, Director of the "National Zoological Park" in Washington, D.C., according to the regulations contained in Article 3, paragraph 1, under letter "c" of the Animal Protection Ordinance, 1931, (Staatsblad No. 134) for:-

I. Catching, possessing, exporting or re-exporting in or from any place in Netherland India to any other place within or without Netherland India a total of:

1 (one) pair of siamangs,
1 (one) pair of gibbons,
1 (one) pair of white-handed gibbons,
1 (one) pair of tapirs
1 (one) pair of mountain goats
2 (two) pairs of water deer
6 (six) pairs of mouse deer (two pairs of each kind)
1 (one) pair of babirusa
1 (one) pair of anoas
9 (nine) pairs of hornbills of different kinds
3 (three) pairs of honey birds
3 (three) pairs of honey-suckers

II. The exportation or re-exportation from any place in Netherland India to any other place within or without Netherland India of a total of:
1 (one) pair of orang-utans, providing that the animals are obtained from among those already in captivity and on production of the permit of possession for the animals concerned

2 (two) pairs of tigers

6 (six) pairs of wild cats of different kinds

6 (six) pairs of wild dogs

6 (six) pairs of civet cats

4 (four) pairs of each of the non-protected kinds of apes

6 (six) pairs of bamboo rats

3 (three) pairs of cassowaries

6 (six) pairs of megapodes

6 (six) pairs of squirrels

6 (six) pairs of each of the non-protected kinds of birds.

Under the following conditions:—

a. That this permit shall be valid till the end of December, 1937;

b. That the transportation of the animals shall take place in a humane manner, in kennels or cages, which, in the opinion of the Customs Officer concerned, are sufficient;

c. That the apes mentioned in the lists above, if exported from a region where the rabies ordinance is in force, (Staatsblad No. 452 of 1926) must be examined by a Veterinary Surgeon within five days prior to the date of shipment or transportation; and that a certificate be obtained from him to the effect that the animals are not either suffering from or suspected of having rabies;

d. That the animals are all intended to be placed in the Zoological Park of the "National Zoological Park" at Washington, D.C., and, as far as the orang-utans and tapirs
are concerned, that these animals shall not be sold or transferred to any third party at any time without the previous knowledge and permission of the Director of Economic Affairs.

And further take notice:

1. That in consideration of the high degree of protection afforded to these animals, no permission is given for catching or exporting a rhinoceros;

2. That this permit conveys no rights covering the replacement of animals that may die during transportation or shortly after arrival at their place of destination;

3. That if all the conditions mentioned above are not fulfilled, which shall be decided solely by the Director of Economic Affairs, the permit may be withdrawn without further process.

1. Karbouwengat; Tellingspark; Panorama.
2. Sterreschans (old fortification); Jamespark;
3. Stormpark with municipality tennis-court and Zoo;
4. Westenenksteke paddies along the Karbouwengat;
5. A Walk behind the Post-office with beautiful view
6. Market-day every Wednesday and Saturday; very picturesque crowds; it is sometimes visited by more than 10000 people from the surroundings of Fort de Kock.
7. Modern Swimming-pool; with running water;
8. Kota Gedang (Lace and Silver-work) ± 6 km. Lace-school is opened till one o'clock p.m. except on Sunday. It can be reached through the Karbouwengat, by crossing the shallow little river, following the cart-road over the river, and turning to the left at the notice-board „Si Anok“. Back descend along a shorter small footpath through the Karbouwengat to Fort de Kock. This trip takes about 3 hours.
9. To Taloeck with mosque, minaret and Old-style native-houses. It can be reached via Nawawi-straat and Tarok, as far as a notice-board „Taloeck“, then to the right. Back by dos-a-dos (horse-cart) via Padang Loear. To Taloeck is about one and a half hour's walking.

10. Mosque at Sarik. Very well worth seeing. The outward-journey with fine panorama's. Back via Koebang Poeth to mosque at Taloeck or via Lassi (Old-style native-houses) and Baso to Fort de Kock.
12. Stalacite (dripping stone) of Kamang and Paoeh (After much rain, however, these are not possible) — 17 km.
14. Matoer via Padang Loear — 22 km. (other roads are not suitable for motor-traffics).
15. From Matoer to vantage-ground on the Poentjak Boekit — 8 km. After much rain the latter is to do about a quarter of an hour's walking (because of the bad road).
16. From Matoer to Padang Gelanggang (again a vantage-ground) — 8 km. Both numbers 15 dan 16 give incomparable prospects on the lake of Manindjau, with its wonderful colour-effects, and the green mountain-panorama round it. (especially number 15).
17. Go down from Matoer to campong of Manindjau at the lake. This road is very steep and dangerous at Padang Gelanggang and can only be used by little cars and with much care. There is no public opportunity to swim into the lake. — 14 km.
18. Again a nice prospect on the sawahs (rice-fields) and mountains near Matoer at km. 81.
19. To Tabek Patah via Baso. It is very advisable to do this on a fine evening at sunset. — 27 km.
20. Pajacombo with its colourful dress on Market-day. (Every Sunday) — 33 km. Afterwards to Kloof van Harau (Harau-Canon) with its echo and waterfalls — 18 km. from Pajacombo. From Sarik Lama straight on direction Bangkinang to „Kloof van Air Poeth“ and „Pintoe Angin“. From Pajacombo to „Pintoe Angin“ 27 km. From here Strait of Malacca is to be seen on a very bright day. The trip through the Kloof van Air Poeth is very well worth seeing, there 60 km.
21. Trip round the Merapi-mountain via Padang Pandjang, along a part of the lake of Singkarak, Ombilin-river; Fort van der Capellen, Baso and Back to Fort de Kock, total 100 km.
22. Trip to Pajacombo, along Halaban, Batoe Boelat, Andalas (very old campong) near which the most magnificent prospects; then via Fort van der Capellen (old Hindu-moments) and back to Fort de Kock, total 148 km. about 4½ hours.
23. To Sawah Loento via Fort v/d Capellen, Tandjoeng Ampaloe, and back via Solok, Singkarak (to swim in the lake and opportunity to picknick) to Fort de Kock — total about 195 km. Swimmingpool.
24. Climbing of the Merapi-mountain (2800 m.) via Koto Baroe to the crater.
25. Climbing of the Singgalang-mountain (2800 m.) via Koto Baroe. Both these trips (numbers 24 & 25) are to do in one day each.
